

Hello residents of Gibbon!

As we approach the end of summer, there's plenty to keep you informed about.

**Budget Season and City Projects:** We've been hard at work reviewing the budget alongside the city treasurer to ensure that we make responsible financial decisions that benefit our community. Budget work sessions with the mayor and council are just around the corner, providing an opportunity to discuss and prioritize the various projects that will contribute to Gibbon's growth and development.

**Community Center and City Hall Improvements:** We're excited to announce that a pre-bid walk-through of the Community Center and City Hall will commence this week. These important facilities are at the heart of our community, and we're committed to enhancing them for the benefit of all residents.

**Exciting Summer Events:** While summer may be winding down, the fun isn't over yet! There are several exciting events lined up for the community to enjoy:

1. **Gibbon Tractor Pull:** Mark your calendars for the evening of August 4th. The Gibbon Tractor Pull promises to be a thrilling event for families and tractor enthusiasts alike.
2. **Fire Department BBQ/Street Dance/Corn Hole Tournament/Kids Peddle Tractor Pull:** Join me on August 12th at Rosen Park for a fantastic time filled with delicious food, dancing, and friendly competition in a corn hole tournament. Let's come together as a community to support our fire department and celebrate the spirit of Gibbon.
3. **Sand Volleyball Tournament:** Keep an eye out for a sand volleyball tournament happening at Davis Park in August. Gather your friends and neighbors for some friendly competition and enjoy the last days of summer.

**New Signage for Safety:** Your safety is a top priority, and that's why our Street Department has been working diligently to improve traffic safety around town. You may have noticed some new "bus stop ahead" signs at specific locations with heavy traffic. Please be vigilant and watch out for these signs to ensure the safety of our children and pedestrians.

**Improved Intersection at 8th Street and Pine:** Before school was out in May, we took action to enhance safety by adding stop signs at the intersection of 8th Street and Pine. This measure is aimed at making the area safer for pedestrians and drivers alike.

That's all for now! I'll continue to keep you updated as we progress through budget season and work on various community projects. If you have any questions or concerns, feel free to reach out to me directly.

Let's continue to make our city a fantastic place to live, work, and play!

Best regards, Matt Smallcomb City Administrator
